Address: 540 Nord Circular Road, Dublin 1, Ireland

Personal Summary

Junior Web developer with 3 years of experience and excellent coding skills (HTML, Javascript and CSS). I have developed and maintained front/back end, led and participated in various commercial projects.

Additionally, I developed an Android game and app (calculation) named *Raccoon Runner* and *Hoja liquidacion* as a personal project. Both apps are downloadable on Google Play store.

I am familiar with responsive web development, design principles, object oriented back end language and am experienced in working to demanding deadlines.

Experience

Web Developer, XWERX - Feb 2015 - Present (Dublin, Ireland)

Creating highly customisable templates and plugins for Wordpress including:

- Creating Javascript modules, one page applications for desktop and mobile using jQuery, jQuery UI, Ajax, Json, GoogleMaps etc.
- Creating and developing responsive webs based on HTML5, CSS3 (Saas, Less), Bootstrap framework
- Using other technologies like GruntJS, Gulp.js and more
- Working in a lean environment in close working relationship with designers so that tasks are completed quickly
- Convert Photoshop / Invision mock-ups into responsive web pages.

Software Developer, Open Traffic Systems S.L. - Nov 2011 – Apr 2013 (Barcelona, Spain)

Project INTEGRA (12 months): Parking meter management software development

- Back-end: Grails, Oracle
- Front-end: HTML, CSS, JavaScript, jQuery, AJAX, jqPlot, jqTree, FlexiGrid and Openlayers with Google Maps

Project WARRANTY TRACKER (6 months): PDA/Web Barcode tracker app software development

- Back-end: C#, Grails with MySQL
- Front-end: HTML, CSS, JavaScript, jQuery and AJAX

Aitor Palomares

Volunteer Experience	<p>Coder Dojo - June 2015 – Present (Dublin, Ireland)</p> <p>I'm a volunteer mentor and teacher at SWICN Computer Clubhouse Coder Dojo. I work with other mentors to teach code to a class of 15 - 20 kids aged 8 to 14 years old at the Clubhouse in Dublin 8. We teach HTML, CSS, Javascript and Processing. It's generally happy chaos with great kids and great fellow mentors. The most rewarding aspect of this work is helping the kids develop not only their coding skills but their confidence too.</p>
Interests	Board games, videogames, reading and cooking.
